Syndication Apps

Overview

This Syndication Apps takes you through the various personalization options offered as a part of the Ascend Product Experience 360 starting from fundamentals of Ascend delivery, such as Data Syndication, Data Integration and Restful APIs

Note that this journey is designed with Tell me, Show me and Try me learning formats, so that you get the maximum benefits.

Objectives

After successfully completing this course, you should be able to:

- Understand how to onboard and manage the data.
- Understand how data security is managed in ascend delivery.
- Understand the available out-of-the-box personalization options.
- Learn how to configure UI for branding, how data governance rules are applied and how data integration helps importing and exporting profiles are configured.

Duration

The course duration is 120 minutes.

Agenda

Module 1: Data Syndication – 23 minutes
